Information as of 12/31/2018

This fund is only available in the Retirement Protector Group Deferred Variable Annuity and the Personal Retirement Planner Qualified Variable Annuity.

Description:

The fund employs a “passive management”—or indexing—investment approach by investing substantially all (normally about 95%) of its assets in the common stocks included in the FTSE Emerging Index, while employing a form of sampling to reduce risk. The FTSE Emerging Index is a market-capitalization weighted index representing the performance of large and mid cap companies in emerging markets such as Brazil, Russia, India, Taiwan, and China. This is an aggressive investment.
